

# Wide Open Road Compliance

November 2024 Newsletter

## Safety First!

Fall is safety meeting season at Wide Open Road. Many thanks to Ohio DOT Officer Anthony Lester who covered critical updates in compliance, truck maintenance and how to manage crashes and other roadside emergencies for our friends and clients in Lucasville Ohio.

Drop us a note if you have safety questions or would like to request a safety meeting in your region. [info@wideopenroad.co](mailto:info@wideopenroad.co)

## UCR Renewals

Reminder that unified carrier registrations are due by December 31<sup>st</sup>. We file these automatically for our clients. If your firm needs help with their UCRs drop us a note. [info@wideopenroad.co](mailto:info@wideopenroad.co)

## Wide Open Road Fuel Cards

We have partnered with Guttman Energy to offer complimentary fuel cards for WOR clients. The cards are accepted at over 88,000 locations saving at least \$0.25 per gallon. [Sign up for free here.](#)

## US & Canadian Permits

Just a reminder that all US and Canadian Permit management is complementary for our compliance customers. If you need Hazmat, oversized, overweight or over length permits let us know and we would be happy to take permit management off your to do list.

## State & Federal Compliance Referrals

Is there a trucking company you think we could help? We sincerely appreciate your business and are so grateful for how many referrals we get from customers each week. As a thank you if they sign up for one of our weekly or monthly compliance programs we send you a \$100 gift card of your choice.

Thank you to all our clients and partners. If there is anything we can do to serve you better please let us know.
